

P6 Home Learning

December 2020

Please complete all tasks marked with a star and select one other task from each of the remaining boxes.

Any completed tasks can be photographed/uploaded and added to your folder on Teams.

If the task is in bold, try to upload an example of your work before the end of term in your Home Learning Channel folder.

Literacy

- Try and read for 15 minutes before you go to bed every night.
- Complete some of your Christmas Reading Challenge Tasks (TEAMS Homework Folder)
- Enjoy relaxing to an audiobook using Oxford Owls (Username & Password for class in Homework Folder)
- **Practice your weekly spelling words in creative ways – It will help you remember them!**
- Log into Read Theory and complete a 2x quizzes at least once a week.

Numeracy and Maths

- Try to complete the Daily Rigour Calendar every day this month.
- Log onto SumDog at least once a week – Focus on multiplication & division facts.
- Complete some Co-ordinate Games: [coordinates - Topmarks Search](#)
- Complete some Shape games: [shapes - Topmarks Search](#)
 - Above you can practise putting shapes into Venn & Carroll Diagrams
 - Use the knowledge gained from Data Handling to sort the shapes using a range of categories.

Health and Wellbeing

2020

Reflect on this year using a Word Document/PowerPoint on GLOW:

- What has been your highlight?
- What have you achieved?
- What are your goals for 2021?

You can display this information in anyway you like. You can also add pictures of anything that relates to your answers.

Kindness Calendar

Follow this link and complete some of the activities on our Kindness Calendar for December.

Skills for Learning, Life and Work

- With your parents/carers, see if you can follow a recipe to create a Christmas treat...
- This could be Christmas cookies or a gingerbread house...
- Post a picture of your creation on TEAMS, if you can.

Creativity – Young Engineers

Create an invention that can help with Christmas:

- It could be a snowmobile, automatic tree decorator, a Christmas dinner preparing machine, a self-wrapping present...
- Draw your invention, annotate with key details, and come up with a catchy name.
- Use persuasive language techniques to convince us your invention is a must-have!

Digital Learning

Research how different countries celebrate Christmas:

- Use all the facts you have found to create a Christmas Quiz using Forms.
- Email your quiz to your classmates for them to have a go.
- Have a look at the data you have collected and analyse how successful the class were at your quiz.
