

P3 Home Learning

January

Please complete all tasks marked with a star and select one other task from each of the remaining boxes.

Tick each task as you complete them throughout the month.

Literacy

This term we are focusing on Narrative Writing. Can you write a story? This can be completed digitally or on paper.

Think about;

Character – Who is in the story?

Plot – Complication and Solution

Setting – Where is the story taking place?

Numeracy and Maths

We are focusing on Shapes.

Go on a shapes hunt. What 2D and 3D shapes can you see?

What shapes are more common?

Can you see examples of tiling?

Using 2D shapes, can you design a tiling?

Health and Wellbeing

Staying safe online is very important.

As we approach Online Safety Day, could you talk to someone at home about the rules we must follow to stay safe when using the internet.

You could create a poster to inform your classmates.

Skills for Learning, Life and Work

Time management is an important skill for life. Can you use a timer to see how long it takes for you to complete different tasks? These could be getting ready for school, tidying your room, making your bed.

Record the time in your jotter.

Creativity

Create your own mythical creature and name it.

Think about where it would live, what diet it would have and its behaviour.

This could be linked to your Narrative.

Digital Learning

Research a Scottish attraction and use your note taking skills to write some facts to share with your teacher.
